

BEACH MUSIC

The Pacific beaches of Panama are wide, white and uncrowded. This year, we're balancing the Boquete Jazz & Blues Festival in the mountains with a second festival at the spectacular Buenaventura Resort, on Panama's Pacific Riviera a bit west of Panama City. Indulge in Panama City's fabled nightlife before or after. We're bringing some of the best musical talent to Panama to play with Panama's best.

It's going to be epic.

Don't wait: Get your tickets and book your hotel now before they're sold out.

GATHER • GROOVE • GET DOWN

Buenaventura Resort is a destination in itself: golf, restaurants, spa, beach club and more. The resort is 90 minutes west of Panama City, the Miami of Central America. In addition to its world-class airport, the city has everything from 17th-century buildings to 60-story hotels with dining and nightlife options to match. Looking for a more natural vibe? Take an excursion on the Panama Canal or into the rainforest, or venture into the mountains of the Anton Valley, just 20 minutes from the coast.
